EDUCATION

Jaypee University of Engineering and Technology, Guna Bachelor of Technology in Computer Science and Engineering	2023 – 2027
Vidisha Academy, Vidisha Class XII (Senior Secondary) – 73.4%	2022 – 2023
Magdham International School, Guna Class X (Secondary) – 88%	2020 – 2021

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML5, CSS3

Frontend: React.js, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, MVC Architecture

Database: MongoDB, MySQL

Core CS: Data Structures and Algorithms, OOPs, DBMS, Operating Systems, Computer Networks

Tools: Git, GitHub, VS Code, Postman

EXPERIENCE

Web Development Intern Codec Technologies (Remote)	Jun 2025 – Aug 2025
--	---------------------

- Developed responsive web interfaces using HTML, CSS and JavaScript.
- Collaborated on frontend UI implementation and debugging tasks.
- Worked with Git and GitHub for source code management.
- Gained practical exposure to modern web development workflows.

PROJECTS

Smart Placement Portal	React.js, Node.js, Express.js
-------------------------------	-------------------------------

- Developing a placement management platform for internship and placement tracking.
- Building React-based dashboards and student management modules.
- Designing backend APIs using Node.js and Express.js.

URL Shortener Platform GitHub Repository	Node.js, Express.js, MongoDB
--	------------------------------

- Developed a full-stack URL shortening application using Node.js, Express.js and MongoDB.
- Implemented unique short-link generation and automatic URL redirection.
- Designed REST APIs and CRUD operations for URL management.
- Applied MVC architecture to improve maintainability and scalability.

Advanced Task Manager	JavaScript, HTML5, CSS3
------------------------------	-------------------------

- Built a task management application with categories, priorities and timeline tracking.
- Implemented Local Storage integration for persistent task management.
- Added input sanitization techniques to improve application security.

ACHIEVEMENTS

- Active problem solver on LeetCode: DarkRecursion
- Strong understanding of Arrays, Strings, Binary Search, Recursion, Stack, Queue and Heap.
- Built multiple frontend and backend projects using React.js, Node.js, Express.js and MongoDB.
- Continuously improving problem-solving and software development skills through Data Structures and Algorithms.
